

Scriptwriter

We are looking for hardworking, creative young people to write scripts for us full-time. You will be responsible for writing scripts for our social media videos (usually around 1 minute in length), our AWAKE Shorts, longer documentaries, short films and even full-length films. Writing for films will require you to have a strong understanding of the acting process, the ability to create well-written dialogue and a passion for story-telling.

In general the role will require you to turn drafts around quickly and where necessary, restructure storylines within your scripts. You will need to maintain an overview of an entire project from a story perspective and to plan forward. You will often be working closely with design & production teams to develop ideas for content beyond just your script in its written form. You will also need to correct grammar, vocabulary, spelling and stylistics across all our content and advertisements.

You will ideally have an understanding of film editing shots and techniques and knowledge of cinematography as well as knowledge of Final Draft or a similar screenwriting software package.

Working hours will be 09:30 - 18:30 Monday - Friday as well as Saturday mornings 09:30 - 13:00.

This is a fantastic opportunity to join an up and coming media movement run by young people to create world class content with an established, highly talented and collaborative team.

Compensation is dependent upon experience.

Package will include relocation expenses if necessary.

REQUIREMENTS

- **Outstanding English written and verbal communication skills.**
- **Strong proofreading skills and attention to detail.**
- **Good knowledge of history and current affairs.**
- **Ability to work independently and in a team.**
