You will also be required to edit all of the above, in addition to our short social media videos (usually around 1 minute in length). Occasionally you may need to act as a gaffer on smaller shoots.

The ideal candidate will have a strong sense of storytelling and good experience of delivering visually memorable productions. They will be able to create finished products independently but will also be able to work well as part of a team during both the production and editing process.

You will have to handle multiple projects simultaneously and thrive in a fast-paced, deadline-driven environment and be willing to accept feedback on shots and edits and iterate over them where necessary..

Working hours will be 09:30 - 18:30 Monday - Friday as well as Saturday mornings 09:30 - 13:00 and you will report directly to the head of production. You may be required to work on some weekends for shoots.
